

Cookie Policy

Last Updated: July 15th, 2025 | Version 2.0 Next Review Date: January 15th, 2026

This Cookie Policy explains how CHECK IT OUT SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ ("Check It Out," "we," "us," or "our") uses cookies and similar tracking technologies on our websites, applications, and services (collectively, the "Services"). It complements our Privacy Policy and Data Retention Policy, and is intended for a global audience. By using our Services, you acknowledge the use of cookies as described in this policy, subject to your rights to manage or disable them as explained below.

What Are Cookies?

Cookies are small text files placed on your computer or mobile device when you visit a website. They allow the site to recognize your device and remember information about your visit, such as your preferences or login status. Cookies can be "persistent" (remaining on your device until they expire or are deleted) or "session" (lasting only until you close your browser).

Cookies may be set by the website you are visiting ("first-party cookies") or by third-party services that the website uses ("third-party cookies"). In addition to cookies, we may use similar technologies like web beacons, pixels, and local storage objects in our web platform, as well as mobile identifiers in our app, which function in a similar way to cookies.

How We Use Cookies

We use cookies and similar technologies to provide, protect, and improve our Services in various ways, including:

Essential Functionality

Some cookies are strictly necessary to make our website and platform work. For example, they enable core features like user log-in, account authentication, security safeguards, and load balancing. Without these cookies, certain services or features (such as staying logged in or accessing your account) cannot be provided. These cookies are based on our legitimate interest in providing you with a functional service and do not require consent.

Preferences and Personalization

We use cookies to remember your preferences and settings to enhance your experience. For instance, cookies may recall your language selection, region, or other customizations so you don't have to re-enter them on each visit. These cookies are intended to make the site more user-friendly and tailored to you.

These cookies require your explicit consent.

Analytics and Performance

We utilize cookies to collect information about how users interact with our Services, in order to understand and improve how our platform works. See detailed information about our analytics implementation below.

All analytics cookies require your explicit consent before being placed on your device.

Security and Fraud Prevention

Some cookies help us protect your account and our platform. They can assist in detecting suspicious activities, preventing unauthorized access, and maintaining the overall integrity of our Services. For example, cookies may be used to throttle login attempts or remember additional verification steps when you log in

from a new device. These security cookies are based on our legitimate interest in protecting our services and your account.

Legal Basis

For essential and security cookies, our legal basis is our legitimate interest in delivering a functional and secure service (GDPR Article 6(1)(f)) or performance of a contract (GDPR Article 6(1)(b)). **For all non-essential cookies (analytics, preferences, and any future marketing cookies), we rely on your explicit consent (GDPR Article 6(1)(a)).** We do not use cookies to collect sensitive personal information about you, and we do not sell any personal data collected via cookies.

Types of Cookies We Use

We categorize the cookies used on our Services into the following types:

Strictly Necessary Cookies

These cookies are essential for the operation of our Services and to fulfill your requests. They include cookies that enable you to log into secure areas of our site, maintain your session state, or perform actions like campaign management and payment processing. These cookies also include enhanced security cookies for session binding and hijacking prevention, and bot protection cookies during login, registration, and password changes (reCAPTCHA Enterprise). Without these cookies, the Services you have asked for cannot be provided. These cookies do not gather information about you for marketing or remember where you have been on the internet. As they are necessary for the site to function, they are always active and do not require user consent.

Key Security Cookies

- Session authentication tokens (7-day lifetime)
- Session security correlation identifiers (anonymized)
- reCAPTCHA Enterprise verification tokens (temporary)

Functional Cookies

These cookies allow our website to remember choices you make and provide enhanced, more personalized features. They may be set by us or by third-party providers whose services we have added to our pages. Examples include remembering your preferences (like language or region), campaign filters, or dashboard customizations. The information these cookies collect is typically anonymized and they do not track your browsing activity on other sites. **These cookies require your explicit consent.**

Analytics Cookies

These cookies (sometimes called "performance cookies") collect information about how visitors use our Services. See our detailed Google Analytics implementation section below. Analytics information is used solely for our internal purposes to improve our services and is not shared for advertising. **All analytics cookies require your explicit consent before being placed on your device.**

Third-Party Cookies

Apart from Google Analytics, our Services presently make very limited use of third-party cookies. We do not embed third-party advertising networks, and we minimize third-party trackers. However, if we incorporate content from external platforms (for example, embedded social media content or third-party service integrations), those providers may set cookies on your device. Any such third-party cookies are not

controlled by Check It Out and are governed by the cookie policies of the third parties. We will inform you when third-party cookies are being used and, where required, obtain your consent.

Google Services Integration (Analytics & Security)

Analytics Configuration We use Google Analytics 4 configured with enhanced privacy settings including:

- IP address anonymization enabled for EU users
- Data retention period: 14 months maximum
- Google Signals data collection disabled
- Advertising features disabled by default
- Demographic and interest reporting disabled

International Data Transfer Legal Basis Google Analytics involves data transfer to the United States. Our legal basis for this transfer follows a layered approach:

Primary Basis

EU-US Data Privacy Framework (adequacy decision) for transfers to Google LLC as a certified company under the framework.

Backup Transfer Mechanisms

- European Commission's Standard Contractual Clauses (2021 version) with Google
- Technical supplementary measures including data pseudonymization and encryption

Limited Emergency Fallback

- In specific situations where other mechanisms become unavailable, we may rely on your explicit consent under GDPR Article 49(1)(a) for essential transfers
- Such consent-based transfers would be limited, occasional, and non-repetitive as required by EU guidelines

Additional Safeguards

Google's Standard Contractual Clauses with supplementary technical measures including data encryption and access controls.

Important Notice About Article 49 Transfers

GDPR Article 49 transfers based on consent are considered exceptional and should be occasional and non-repetitive. We primarily rely on the EU-US Data Privacy Framework and Standard Contractual Clauses. However, you should be aware that:

- EU-US transfer frameworks have faced legal challenges in the past
- US surveillance laws may allow government access to your data
- We continuously monitor the legal landscape and will adjust our practices as needed

Framework Uncertainty Notice Due to ongoing legal challenges to EU-US data transfer frameworks, we continuously monitor compliance requirements. If current transfer mechanisms become invalid, we will:

- Immediately implement alternative analytics solutions hosted within the EU
- Notify all users of changes within 30 days
- Provide options to delete historical analytics data

- Transition to EU-based analytics providers if necessary

Key Google Analytics Cookies

- `_ga`: Used to distinguish users (persists up to 2 years)
- `_gid`: Used to distinguish users on a day-to-day basis (persists 24 hours)
- `_ga_*`: Contains campaign information and session data

reCAPTCHA Enterprise Implementation

Service Overview

We use Google reCAPTCHA Enterprise for bot protection and fraud prevention during authentication processes (login, registration, password changes). This service is operated by Google LLC and involves data processing in the United States.

Security Cookie Configuration

- **Version:** reCAPTCHA Enterprise (invisible implementation)
- **Deployment:** Login, registration, and password change forms
- **Cookie Lifetime:** Temporary session cookies only
- **Data Processing:** Real-time risk scoring, no persistent storage

International Transfer Legal Basis

reCAPTCHA Enterprise data transfer follows our layered compliance approach:

- **Primary Basis:** EU-US Data Privacy Framework for Google LLC
- **Backup Mechanisms:** Standard Contractual Clauses (2021) with technical safeguards
- **Legal Basis for Processing:** Legitimate interest (bot protection, platform security)

Key reCAPTCHA Cookies

- `_grecaptcha`: reCAPTCHA service functionality (session-based)
- `rc::a`, `rc::b`, `rc::c`: Bot detection and risk assessment (temporary)

Enhanced Privacy Settings

- No additional user data sent beyond standard implementation
- Real-time processing only - scores not stored in our systems
- Automated 2FA trigger for high-risk scores above threshold
- No advertising or tracking features enabled

Cookie Lifespan and Data Retention

Cookies can remain on your device for different periods following our Master Data Retention Schedule:

Cookie Type	Lifespan	Purpose	Retention Rationale
Strictly Necessary	Session to 90 days	Platform functionality	Technical requirements
Security (reCAPTCHA)	Session-based only	Bot protection	Real-time security needs
Functional	90 days to 12 months	User preferences	User experience continuity

Cookie Type	Lifespan	Purpose	Retention Rationale
Analytics	14 months maximum	Performance analysis	Statistical validity
Consent Records	3 years	Legal compliance	Proof of consent requirements

Security Cookie Details

- **reCAPTCHA cookies:** Automatically deleted when browser session ends
- **Session security cookies:** 7-day maximum lifetime aligned with session duration
- **No persistent tracking:** Security cookies do not create long-term user profiles

Session cookies last only while your browser is open and are deleted once you close it. Persistent cookies have set expiration dates. After expiration, cookies will no longer be active. You can delete cookies from your device manually at any time using your browser settings.

Your Consent and Choices

Consent for Non-Essential Cookies

We are committed to complying with global privacy regulations regarding cookies. **We will only set non-essential cookies (analytics, functional, or any future marketing cookies) on your device if you give your explicit consent.** You will be shown a cookie banner on your first visit that explains our use of cookies and asks for your preferences.

Security Cookies and Consent

Strictly Necessary Security Cookies

reCAPTCHA Enterprise cookies are classified as strictly necessary for platform security and bot protection. These cookies:

- Do not require user consent (GDPR legitimate interest basis)
- Cannot be disabled without compromising account security
- Are limited to authentication processes only
- Do not track users across other websites

Optional Security Enhancements

Any future security cookies beyond essential protection will require explicit consent and be clearly disclosed in our cookie banner.

Consent Renewal

Your consent for non-essential cookies is valid for 12 months from the date you provide it. After this period, we will ask for your consent again. We may also request renewed consent if we make significant changes to our cookie practices or this policy.

Cookie Preferences Management

You can manage your cookie preferences at any time by:

- Using our Cookie Settings tool (accessible via website footer)
- Clicking "Cookie Preferences" link in our platform interface

- Emailing us at **checkitout.inbox@gmail.com** with subject "Cookie Settings - [Your Request]"

Any changes you make will be effective immediately. Note that disabling essential cookies may affect platform functionality.

Browser and Device Controls

Most web browsers automatically accept cookies, but you can modify your browser settings to:

- Block or delete all cookies
- Block third-party cookies only
- Notify you when cookies are set
- Clear existing cookies

Popular Browser Cookie Settings

- **Chrome:** Settings > Privacy and Security > Cookies
- **Firefox:** Settings > Privacy & Security > Cookies
- **Safari:** Preferences > Privacy > Cookies
- **Edge:** Settings > Cookies and Site Permissions

Mobile App Controls

For cookies in mobile apps, check the privacy settings of the app for options to reset identifiers or limit tracking.

Google Analytics Opt-Out

If you wish to opt out of Google Analytics specifically, you can:

- Use our Cookie Settings to disable analytics cookies
- Install Google's Analytics Opt-out Browser Add-on
- Use browser privacy settings to block analytics cookies

"Do Not Track" Signals

Some browsers offer a "Do Not Track" (DNT) feature. Currently, there is no universal standard for recognizing DNT signals. We adhere to the cookie preferences that you explicitly set using our consent tools rather than responding to DNT signals. We continue to monitor developments around DNT and Global Privacy Control signals.

Your Rights Under Data Protection Laws

As a data subject, you have several rights regarding your personal data processed through cookies:

Right of Access (Article 15 GDPR)

Request information about data processed through cookies **Right to Rectification (Article 16 GDPR):** Correct inaccurate data collected via cookies **Right to Erasure (Article 17 GDPR):** Request deletion of cookie data **Right to Restrict Processing (Article 18 GDPR):** Limit cookie data processing **Right to Data Portability (Article 20 GDPR):** Receive cookie data in structured format **Right to Object (Article 21 GDPR):** Object to cookie processing based on legitimate interests **Right to Withdraw Consent (Article 7 GDPR):** Revoke consent for non-essential cookies **Right to Lodge a Complaint:** File complaints with supervisory authorities

Rights Regarding Security Cookies

Right to Object to Security Processing

While security cookies are necessary for platform operation, you retain the right to object to processing under GDPR Article 21. However:

- **Essential security cookies cannot be disabled** without compromising account safety
- **Objections will be evaluated** within 15 days
- **Alternative security measures** may be implemented where technically feasible
- **Account restrictions** may be necessary if adequate security cannot be maintained

Browser-Level Controls

You can block security cookies through browser settings, but this may result in:

- **Inability to log in or register** for new accounts
- **Frequent session termination** and re-authentication requirements
- **Limited platform functionality** due to security restrictions
- **Potential account suspension** if security measures cannot be maintained

Exercise Your Rights

To exercise any of these rights, email checkitout.inbox@gmail.com with subject "Data Protection Request - [Right Type]". We will respond within 15 days for standard requests, 30 days for complex requests.

Updates to This Policy

We may update this Cookie Policy from time to time to reflect changes in technology, legal requirements, or our practices. When we make material changes, we will notify you by:

- Updating the "Last Updated" date at the top of this policy
- Providing notice on our website or via email for significant changes
- **Seeking renewed consent if changes affect non-essential cookie usage**

We encourage you to review this Cookie Policy periodically to stay informed about how we use cookies and your options.

Contact Us

If you have any questions, concerns, or requests regarding this Cookie Policy or our use of cookies and similar technologies, please contact us at:

Email

checkitout.inbox@gmail.com **Subject Lines:**

- Cookie questions: "Cookie Policy - [Your Question]"
- Consent management: "Cookie Settings - [Your Request]"
- Security cookie issues: "Cookie Policy - Security Issues"
- reCAPTCHA problems: "Support - reCAPTCHA Issues"
- Technical issues: "Support - Cookie Issues"

- Content reports: "Content Report - [Issue]"

Security Cookie Support

If you experience issues with security cookies or reCAPTCHA functionality:

- **Response time:** 48 hours for security-related cookie issues
- **Resolution approach:** Technical review with security team consultation
- **Alternative solutions:** Evaluation of browser-specific compatibility options

We will address your inquiry promptly and comprehensively. For more information about how we process personal data (including data collected by cookies), please refer to our Privacy Policy and Data Retention Policy. Your trust is important to us, and we are committed to protecting your privacy while providing a high-quality, secure experience on our platform.

Framework Uncertainty Notice

Due to ongoing legal challenges to EU-US data transfer frameworks, we continuously monitor compliance requirements for all Google services. **If current Google Analytics transfer mechanisms become invalidated**, we will:

- Immediately implement alternative analytics solutions hosted within the EU
- Notify all users of changes within 30 days
- Provide options to delete historical analytics data
- Transition to EU-based analytics providers if necessary

reCAPTCHA Enterprise Transfer Considerations

Due to ongoing legal challenges to EU-US data transfer frameworks, we monitor compliance requirements for all Google services. **If current reCAPTCHA transfer mechanisms become invalid**, we will:

- **Immediately implement EU-based bot protection alternatives**
- **Notify users of changes within 30 days**
- **Provide options to delete historical security data**
- **Maintain equivalent security protection through alternative providers**

Current Status: reCAPTCHA Enterprise transfers are legally compliant under EU-US Data Privacy Framework with Standard Contractual Clauses backup. We continuously monitor legal developments and regulatory guidance.

User Control: While security cookies are necessary, users experiencing legitimate access issues due to bot protection may request manual review through our support system.

This Cookie Policy is part of our comprehensive legal framework including our Privacy Policy, Terms & Conditions, and Data Retention Policy.
